### **DETAILED ACTION**

1. Responsive to the Remand on November 21, 2006, prosecution has been reopened for further consideration of the following issues:

The Remand was for "Whether a rejection of claims 29-32 under 35 U.S.C. section 251, as being based upon new matter and rejections under 35 U.S.C section 112, first and second paragraphs, are appropriate?".

#### ***Reissue Applications***

2. Claims 29-32 are rejected under 35 U.S.C. 251 as being based upon new matter added to the patent for which reissue is sought. The added material which is not supported by the prior patent is as follows:

Regarding claim 29 there appears to be a lack of support in the specification for the claimed limitations of (A) a self-sustained unit and (B) fixedly connected to the inside of the housing.

#### ***Claim Rejections - 35 USC § 112***

3. Claims 29-32 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. See the explanation above.

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 29-32 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 29-32 due to the apparent lack of support in the specification it becomes unclear as to how to interpret the claim.
